

Founded in 1990, Bhate Environmental Associates, Inc. is a provider of solutions to the environmental, energy, and construction/infrastructure markets, primarily for the DoD. Headquartered in Birmingham, Alabama, our reach is both national and global. At Bhate, we value high standards of professionalism, ethics, and service to our clients. We foster a collaborative environment that encourages innovative ideas while providing challenges and rewards for our dedicated staff.

With a deep understanding of both state and federal regulations, our team of experienced professionals excels at providing intelligent environmental solutions. Our focus is safety, quality, cost-effectiveness, and on-time deliverables to our clients. Client satisfaction is the core of our success.
