

John B. D. Milledge, J.D., P.G.

John Milledge is a registered professional geologist and practicing attorney with the firm of John B. D. Milledge, LLC where he provides environmental regulatory compliance to small businesses. Mr. Milledge holds a B.S. in geology / biology and a B.S. in secondary education from the University of Alabama at Birmingham. Mr. Milledge earned his Juris Doctor from the Birmingham School of Law and is admitted to the Alabama State Bar.

In 2013, Mr. Milledge and attorney Alan Truitt, founded the Birmingham Environmental Professional's Association (BEPA) to provided networking and professional development opportunities for environmental professionals in the Birmingham, Alabama area. Shortly thereafter, the North Alabama Environmental Professionals' Association (NEPA) was founded to serve environmental professionals practicing in the Decatur / Huntsville area. Currently, both groups host breakfast meetings eight (8) times a year and cohost an annual environmental conference. Members in both groups include geologist, engineers, environmental scientists, attorneys, industry representatives, federal, state and local regulatory officials, nonprofit conservation organizations, and representatives from institutions of higher education including The University of Alabama at Birmingham (UAB), Samford University, Birmingham Southern College, The University of Montevallo, The University of Alabama and Auburn University.

In 1997, Mr. Milledge joined Action Resources as Vice President and later founded and served as president of Action Environmental. During his tenure at Action Environmental, the company focused on providing spill response, planned remedial services, natural gas pipeline and industrial services. Acton Environmental remains a proud sponsor of both BEPA and NEPA.

Prior to joining Action Resources, in 1997, Mr. Milledge was employed by Southern Natural Gas Company as an environmental scientist. In this role, Mr. Milledge was responsible for environmental compliance at 45 natural gas compressor stations located throughout 8 states. Mr. Milledge began his career as a geologist with Bhate Engineering (now Bhate Geosciences) in 1982 immediately following graduation from UAB.

Mr. Milledge is a frequent volunteer with the Birmingham Bar Volunteer Lawyers Program, serves on the Alabama Board of Licensure for Professional Geologist and serves as the 2019 Speaker Coordinator for BEPA. Individuals wishing to present at a BEPA breakfast meeting are encouraged to contact Mr. Milledge.
