

FIRM OVERVIEW

Kazmarek Mowrey Cloud Laseter LLP (KMCL) is composed of nationally-recognized lawyers in the fields of environmental, energy, climate and carbon management law. We represent a diverse range of Fortune 500 companies, mid-sized businesses and industries, utilities and local governments. As experienced “big-firm” lawyers practicing on a focused, entrepreneurial platform, we offer a formula that gives our clients the most value for their legal spend.

OUR FORMULA:

- Nearly 200 years of collective Am-Law 100 experience.
- A team of partners, all of whom are widely recognized as preeminent lawyers in their fields.
- Dedication to business practicality and creative strategies.
- Unrivaled experience in complex litigation, regulatory, enforcement, transactional and public policy matters in our practice areas.

CREDENTIALS THAT COUNT

- All KMCL principals have been partners in major AmLaw 100 firms.
- KMCL attorneys have a wide range of diverse backgrounds, including a former Assistant U.S. Attorney, several corporate environmental counsel, several environmental engineers, and experience in the insurance industry, among others.
- KMCL lawyers hold a variety of academic positions, including adjunct professorships at both Emory and Georgia State law schools, and are frequently asked to speak and write articles on emerging and complex environmental issues.
- KMCL attorneys have stellar academic backgrounds, both in law school, undergraduate and graduate studies, with most having served on their Law Reviews, being elected Order of the Coif, or having received other academic honors.
- KMCL attorneys are regularly featured in published lists of prominent lawyers, including *Best Lawyers in America*, *Chambers USA America's Leading Lawyers for Business*, *SuperLawyers Magazine*, and *Who's Who Legal*.
- Leadership positions in state bar organizations and trade associations.

TOP TIER EXPERIENCE

KMCL lawyers have handled:

- Major multi-party environmental and toxic tort litigation in state and federal courts throughout the country.
- The environmental aspects of large, complex merger and acquisition transactions for some of the country's largest corporations throughout the United States.
- Some of the largest and most sophisticated Brownfield transactions.
- The environmental aspects of the largest and most complex property portfolios.
- Complex and substantial coverage disputes, resulting in significant recoveries of cleanup costs.
- Environmental counseling, permitting, regulatory, and enforcement matters in nearly all states and many foreign jurisdictions.
- Complex transactions in regulated and voluntary carbon markets in the U.S. and abroad.
- Conventional and renewable energy transactions and strategic advice.
- Testimony on Capitol Hill and state legislatures on clean coal and carbon capture and storage.
- Counseling on compliance issues under Sarbanes-Oxley, 1934 Act, and related environmental cost estimation and disclosure obligations.
- Alternative Dispute Resolution (ADR) matters, both as neutrals (mediators and arbitrators) and as advocates.
