

Pace Analytical Services, LLC is a privately held, industry-leading sampling and analytical testing firm. Pace provides analytical lab solutions for testing, staffing and equipment, with a wide scope of services.

- Environmental: analytical testing and sampling
- Life Sciences: product development and testing of pharmaceuticals, biologics, and medical devices
- Lab Ops: staffing and instrumentation services

Pace continually invests in highly trained scientific staff, leading instrumentation and new methodologies to ensure high accuracy and efficiency. Our advanced training includes an online learning management program and robust quality assurance and control programs that mitigate risk throughout all Pace laboratories. Plus, PacePort provides easy, up-to-date data access and management for clients-available online, anytime.

Pace Analytical's Pace Rapid Response Team is available to discuss urgent environmental options and implement a testing solution. PRRT responders are available 24-7 to ensure that sample containers are available, samples are collected appropriately, critical samples are expedited to the nearest laboratory, and rapid results are provided to decision-makers on the scene. This level of lab support is crucial in making decisions that impact the safety of emergency personnel on site and the potential exposure of local residents to hazardous chemicals.

Our 39 years of experience gives us the expertise and vision to partner with our clients, providing analytical testing and services to support both short-term needs and long-term development-even in today's challenging economic environment. With 35 laboratories, 2,400 employees, and a nationwide network of support, Pace Analytical is your total laboratory resource.
