

United Consulting is a multidiscipline engineering consulting firm based in Norcross, Georgia, specializing in environmental services, geotechnical engineering, geophysical services, special inspections, and construction materials testing since 1990. With over 120 employees, including more than 20 professionally registered engineers, geologists, and surveyors, the firm has undertaken some of the most challenging projects in the Southeast.

At United Consulting, we provide more than distinct engineering and environmental services. We approach each assignment with the philosophy that the client's needs and concerns are the reasons we are in business.

STAFFING

The management and field staff are knowledgeable, highly skilled and motivated to provide the best service to our clients. We continuously invest in our staff by providing mandatory training classes, seminars and continuing education to assure that everyone is informed of the latest methods and state-of-the-art equipment in their specialty.

SMALL BUSINESS ENTERPRISE (SBE)

United Consulting has been certified as a Small Business Enterprise (SBE) by the System for Award Management (SAM), as well as the Georgia Department of Transportation's Small Business Program.

MULTIPLE OFFICE LOCATIONS

United Consulting licensed and registered in 33 states and continues to grow, with offices in Georgia, Alabama, and California.
