

THE WAYPOINT ANALYTICAL STORY

Waypoint Analytical Services, Inc. is a privately held corporation built through reputation and acquisition. The companies that combined to create Waypoint Analytical have been operational since 1972 for the purpose of providing analytical services to agricultural, food, feed, and environmental entities.

The Waypoint Analytical Corporate Offices and Central Laboratory are located in Memphis, TN with additional laboratories and Waypoint Outposts located in California, Illinois, Iowa, Kentucky, Louisiana, Mississippi, North Carolina, Pennsylvania, and Virginia. Additional locations are being added on an ongoing basis.

Waypoint Analytical has become the premier provider of quality analytical services to the Consulting/Engineering, Industrial, Waste Management, Agricultural, and Food Production markets. We provide analytical services to both the private and public sectors. A continuing commitment to data integrity, investment in advanced technologies and information management systems, highly qualified people and dedicated client service have made Waypoint Analytical one of the top commercial laboratory service providers in the United States. Our expertise in managing, organizing, and delivering data allows our clients to make informed decisions based on data that is reliable and defensible.

Throughout this Statement of Services, you will be introduced to the tools that make Waypoint Analytical the best in class among all laboratories. In the event there are services you require that are not detailed within the context of this document, ask your Waypoint Representative about them. It is very likely we do offer that service you require.
